

WatNotes

Collaborative note sharing platform for students

Overview

- Collaborative note-sharing platform for UW
- Students can
 - Upload and share notes
 - Search and comment notes
- Supports mobile (Android) and web client

Mobile - Uploading and sharing notes

- Can upload note to the platform to share
- Uploaded notes can be pictures taken from a phone or existing files
- Can view and search for notes on the platform

Website - Editing and collaboration

- View available notebooks and notes on platform
- Add comments on notes
- Search relevant data including courses, notes and users.

Backend - Search and discoverability

- Students can search on the platform to make the sharing aspect of WatNotes more effective
- Can search for notebooks, users, comments
- When searching for notebooks, the content of the notebook is considered

Use Cases

1. Student missed lecture - needs notes.
2. Student wants to share knowledge - uploads notes.

The Future

- Note rankings
- Custom parsers (e.g. Latex)
- Download ZIPs for notebooks
- UWaterloo specific login?
